OVERVIEW OF STATE AND FEDERAL GRANT PROGRAMS

The following state and federal grant programs are administered by the Office of Public Instruction:

STATE PROGRAM DESCRIPTIONS

ADULT BASIC EDUCATION

Legal Reference: 20-7-701, 20-7-702, 20-7-711, 20-7-712, 20-7-714, MCA

The funds provided by the state of Montana are combined with the federal adult basic education funds to provide adult basic education services throughout Montana. The state funds are used to help maintain Montana's obligation for match and maintenance of effort requirements to receive federal funds.

In addition to state-provided funds, provision is made for local public school and community college districts and counties to levy funds to provide for adult basic education and literacy services. These funds also provide an important portion of the match and maintenance of effort requirements for local programs in Montana to receive federal adult basic education funding.

Refer to the FEDERAL ADULT EDUCATION BASIC GRANT PROGRAM below for further information.

GIFTED AND TALENTED STATE GRANT PROGRAM

Legal Reference: 20-7-903, MCA

The Gifted and Talented state grant program provides grant funds for supplemental financial assistance to school districts to strengthen the quality of programs for gifted and talented students. Approximately 100 programs are funded annually, based upon an application and comprehensive plan, with approval based on the recommendations of a peer review panel. Grants are awarded according to a formula by which applicants with a student population of over 2,300 are awarded twice the funding of districts whose student population is under 2,300.

SERVICES FOR SIGNIFICANT NEEDS STUDENTS

Authority: HB2, Appropriation Language

These are state funds which, when available, are announced and provided to school districts on a priority basis to assist with the costs of students with significant behavioral or physical needs served by public schools. Students eligible to be served with these funds include all of the following: students with significant behavioral or physical needs, conduct disorder students, juvenile sex offenders, students identified as emotionally disturbed (ED) under special education or as severely emotionally disturbed (SED) under the Montana Mental Health Access Plan. To be considered treatment services, the funds must be used for meeting a student's mobility or physical/health care needs and/or treating, managing and/or directing student behavior during the course of the school day. Examples of day treatment services include: nursing services, therapy (group, family, individual), cost of instruction for teacher and paraprofessional time assigned to serving children in

therapeutic group home settings and alternate education sites, provision of behavior management specialist services and enhanced supervision, including probation and contracted mental health services.

Announcements regarding the availability of such funds are made through the Division of Special Education.

STATE CAREER AND VOCATIONAL/TECHNICAL EDUCATION FUNDS

Legal Reference: 20-7-301, 20-7-302.1, 20-7-303, 20-7-305, 20-7-306, MCA

Program provides funding to assist high schools in paying the additional costs of approved career and technical education programs. Career and technical education programs eligible for state vocational funding include: agriculture education; health occupations education; business education; family and consumer sciences education; industrial/technology education; and marketing education. Programs must be taught by instructors endorsed in the respective curricular area.
